

## Introduction of 'Open Source Software License Compliance General Public Guide'

OpenChain Japan Working Group <openchain-japan-wg@lists.linuxfoundation.org>

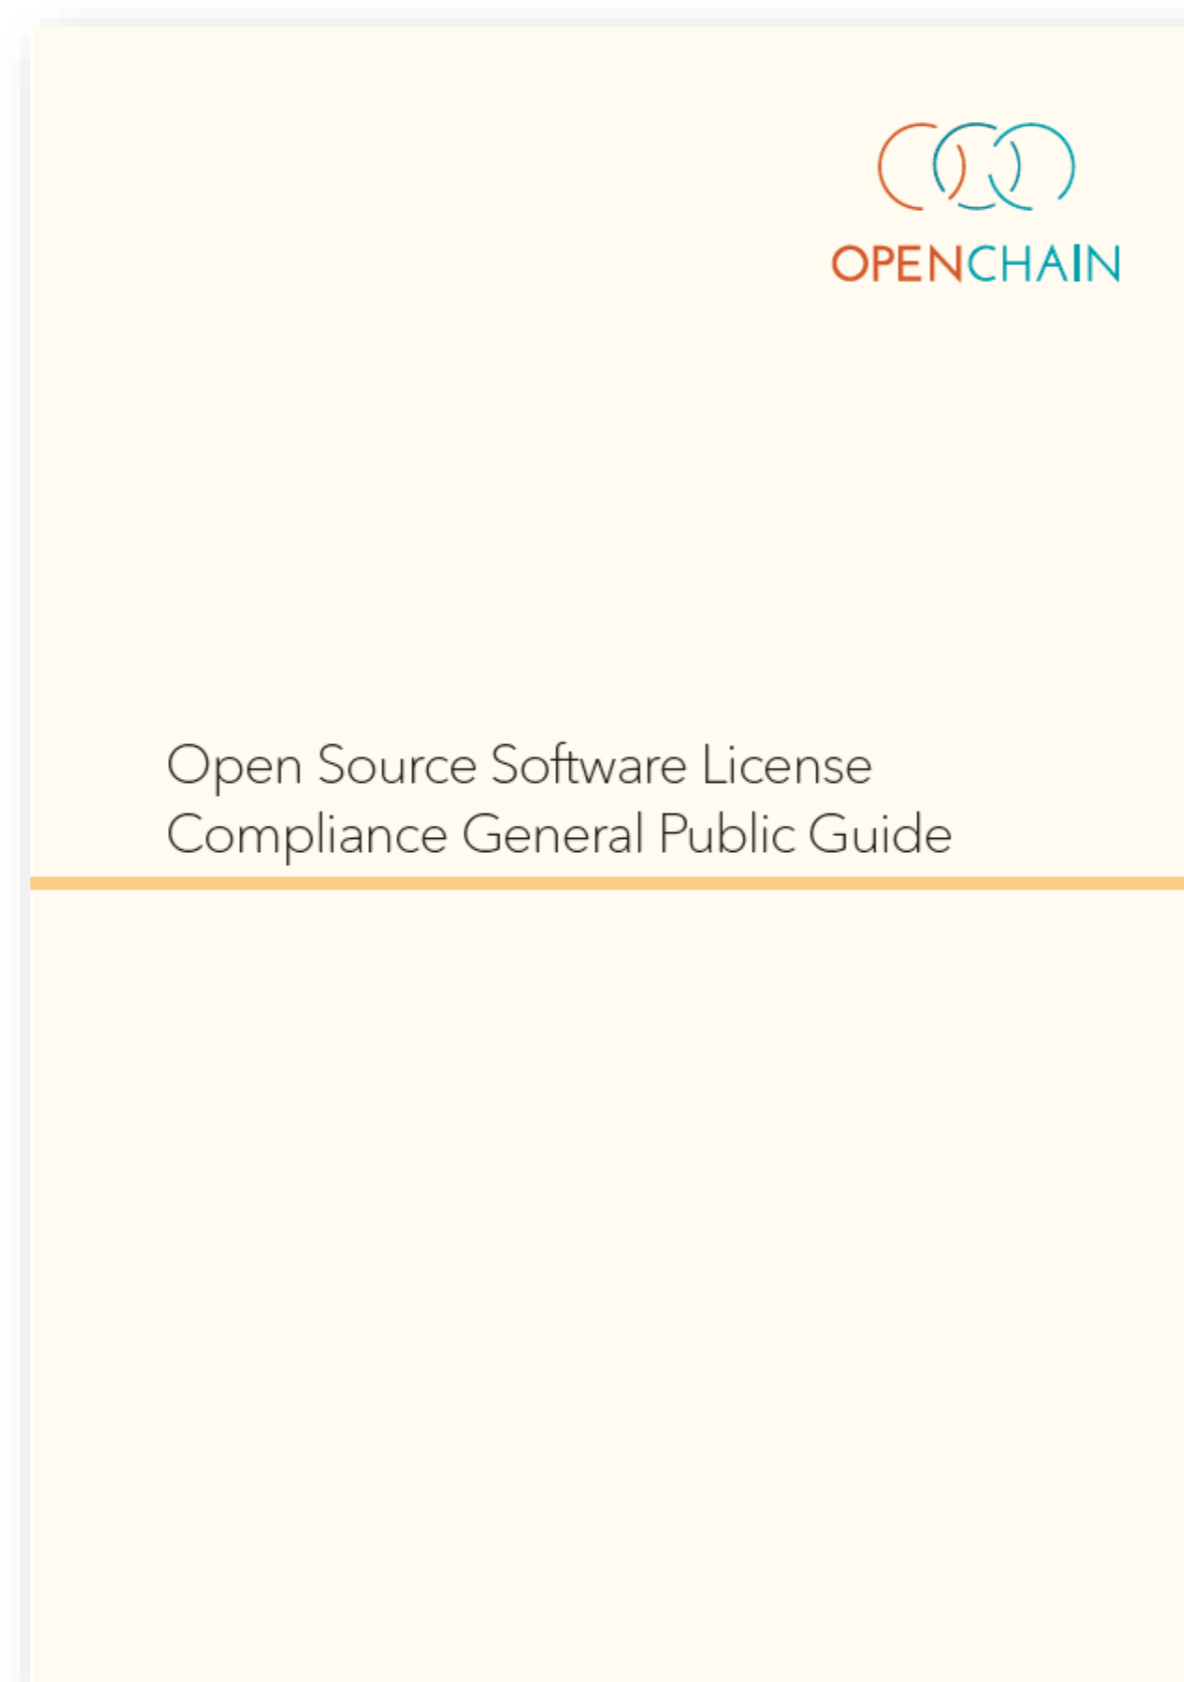

### What is demonstrated

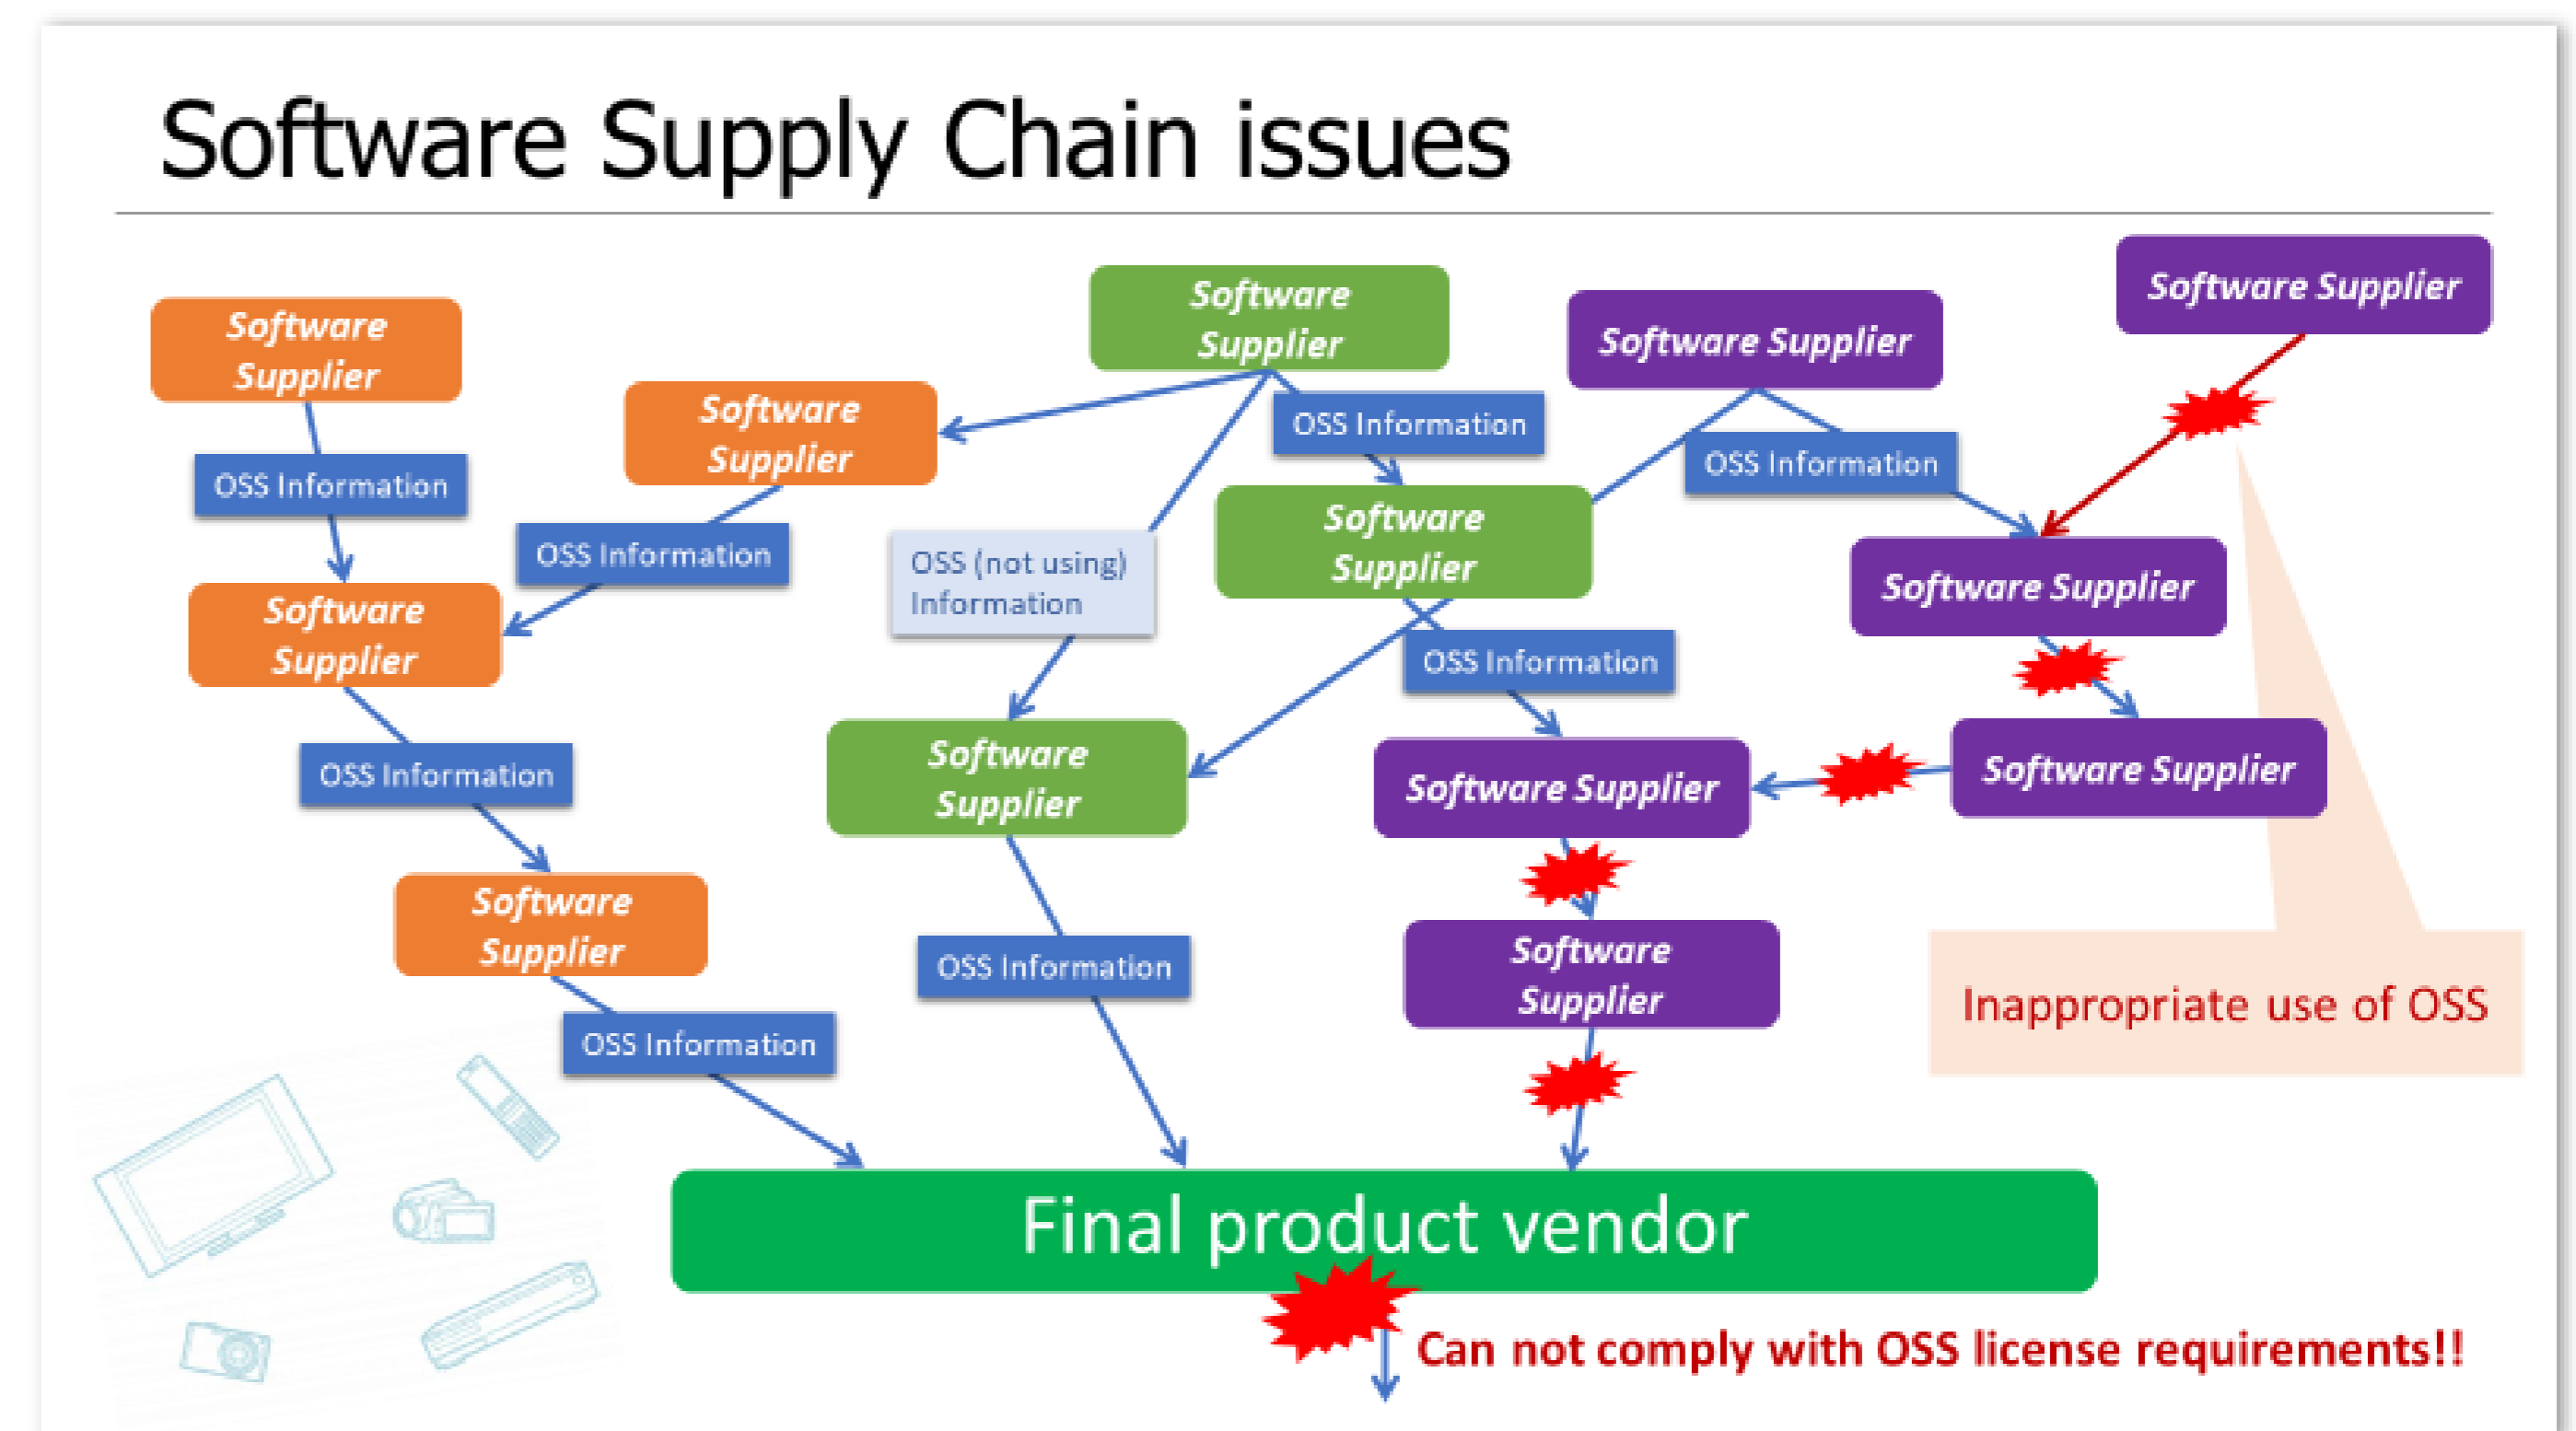

The OpenChain Project makes open source licensing simple and consistent in the supply chain.

We introduce various activities of Japan working group in OpenChain Project.

And we introduce and distribute '**Open Source Software License Compliance General Public Guide**' published by OpenChain.

### What was improved

We hope this pamphlet will help to reduce software supply chain issues related to OSS license compliance.
